EYERANIAN / PRESS RELEASE

Eyeranian connects North America's Iranian community with more than 2,000 local businesses

California-based community directory brings business discovery, maps, and free ownership claims together for the United States and Canada.

01 December 2026

CALIFORNIA — 01 December 2026 — Eyeranian, a dedicated community directory for Iranian businesses and professionals in North America, brings local business discovery together in one place at https://www.eyeranian.app. Visitors can find businesses by category and location, browse city pages, and explore a map with a Near Me view when they choose to share their location.

As of 01 December 2026, the directory contains more than 2,000 approved business listings across the United States and Canada, spanning 18 categories. Roughly 1,500 are in the United States and more than 650 in Canada. These are directory listing counts, not audience, customer, or independently verified business counts. Categories include dining, groceries, dentistry, medicine, legal services, real estate, and more.

Business owners can claim an existing listing free of charge. The claim process includes email verification, a private North American contact number distinct from the listed business number, and administrator review. Once approved, owners can manage their business details, photographs, opening hours, and services. Email verification confirms access to an email inbox; it is not an independent credential or identity check.

Visitors can read business information, submit ratings and reviews after signing in, and send messages through business pages. Community events and an installable Home Screen web app extend the directory beyond business search. Optional paid featured placement is separate from free directory listings.

Founded by Pedram Moallemian, Eyeranian is California-based and serves businesses and consumers in the United States and Canada. Its mission is to connect the Iranian community in North America with local businesses and professionals, and give those businesses a place to share their stories, services, and expertise.

About Eyeranian

Eyeranian is a California-based community directory for Iranian businesses and professionals in the United States and Canada. It helps visitors discover local businesses through category search, city pages, and maps, while offering business owners free listing claims and tools to manage their business pages.
